

Welcome to Amicis

We're all about inspiring health.

We've noticed a trend where consumers are taking greater responsibility for their own health and wellbeing, and we are here to support them. We offer top-quality, safe and effective medicinal products that allow people to take control of their health outcomes.

We are about so much more than just products. As a locally based company, we have a vested interest in providing access to quality healthcare resources to all South Africans.

Being a healthcare *friend* and taking ownership of the wellbeing of patients and consumers, our aim is to be a conduit that contributes to communities as well as the local industry.

Why the name Amicis?

It's simple - Amicis means "friends" in Latin. We aim to be the health and wellbeing companion (*Friend*) to our consumers by offering products, services and support to ensure meaningful results.

Behind our company is a highly experienced management team who have vast experience within the pharmaceutical industry. The Amicis teams' deep understanding of the local healthcare environment and extensive network of partners in the South African and international pharmaceutical market positions us well for rapid future growth.

We're proud to have a sales team with a national footprint, enabling us to effectively distribute and sell our products to all healthcare providers. At Amicis, we're not just about inspiring health - we're about making health accessible to all.

Mission

In the age of increasing awareness of our health and wellbeing, our aim is to provide our patients and consumers with quality, safe and effective healthcare solutions to manage their own health and wellbeing outcomes.

Vision

We envisage to be seen as a leading health company through innovative health products as patients achieve favourable health and wellness outcomes.

Values

Our work is guided by a key set of values:

- Honesty
- Integrity
- Innovation
- Trust
- Accountability
- Passion
